

Texas Public Power Association

TPPA Committee Volunteer Form

TPPA Committee involvement gives members an opportunity to be actively involved in mapping strategies for future TPPA services and programs and in addressing the issues, needs and challenges facing public utilities today.

TPPA Committees and responsibilities include:

Engineering and Operations

To provide expertise and direction to the Association on engineering and operations issues.

Environmental

To provide expertise and direction to the Association on environmental areas.

Government Relations/Legal

To monitor legislation and regulatory issues and to work with state and federal officials and with regulatory authorities on matters affecting public power systems. To provide expertise and direction to the Association on legal issues.

Marketing & Customer Service

To provide expertise and direction to the Association on marketing, communication and customer service issues.

Please share your knowledge and expertise by volunteering to serve on one or more of these committees. To volunteer, place a check by the committee(s) upon which you wish to serve. Complete and return this form to TPPA offices at 701 Brazos, Suite 1005, Austin, Texas 78701 or FAX (512)472-5967 or by email to dscarbo@tpa.com
